

Studio of Creative Movement 38th Recital

MAY 18, 2014

DVD ORDER FORMS

This year's performance of the Studio of Creative Movement dance recital will be shot and edited by Dana Sinerate. Using high-definition equipment and the newest DVD software, I will be producing high quality DVD copies of each performance.

I spent the past seven years in Connecticut studying and working at Quinnipiac University where I received a bachelor's degree in Media Production and a master's degree in Interactive Communications. Both degrees, plus experience in the field working with NESN and PBS, have given me the know-how to shoot, edit, and produce high quality video and DVDs.

I am overjoyed to be back home in Waltham, and once again getting involved in community productions. Working with the Studio of Creative Movement has truly brought me back to my roots and I am so glad to once again be a part of the studio where I spent most of my life. Dance and music have always been a huge part of my life, and I know my passion for both will be shown through these DVDs.

Copies of the Studio of Creative Movement's 38th Recital can be ordered in the auditorium lobby before, during, or after each performance on Sunday, May 18th, 2014. Mail-in orders can be sent to the address below until June 30, 2014.

Please fill out the bottom half of this order form. An e-mail confirmation will be sent once your order is in. If you have any questions please contact me at contact@danasinerate.com. Thank you!!

Mail-in orders can be sent to:

Dana Sinerate

31 Newton St

Brighton, MA 02135
