STUDIO OF CREATIVE MOVEMENT
32nd RECITAL - May 18, 2008

E & R Productions, (Bob Schubert) will be taping the 32nd recital of Creative Movement. A forty-one year "graduate" of the Waltham High Television Studio, I have and still do record many of WHS' shows and performances. This year's recital will be taped with a high end HD camera, and edited on digital equipment. The resulting DVD will reflect no loss of quality. I have had my own children and grandchildren in both the afternoon and evening performances, and understand that the purchase of both shows can become kind of "pricey." To compensate for this, a package has been put together so that the 2 shows would be put in one case for a special price. This is a busy time of year for us, and we will attempt to get the final packages out to you in three to four weeks after the event. If there is any question about the playback of the DVD, please feel free to call me at 978-531-0859, or E-mail me at bobs55@comcast.net.
